COMPANY PROFILE

What we do?

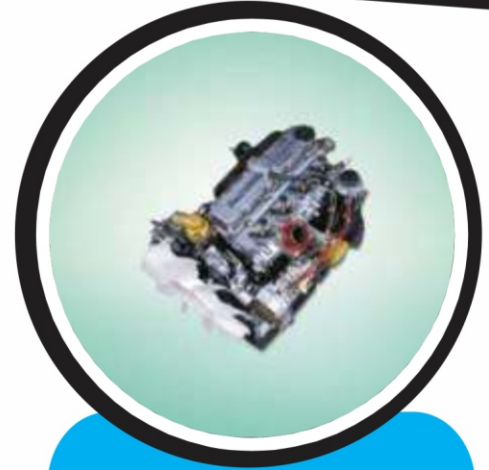

SALES & RENTALS

Suppliers of new and used Forklifts.

SERVICE

Fully equipped workshop facilities for servicing and all major repairs.

PARTS

Importers of new parts on all makes of forklifts.

Why Choose Us?

The Forklift Business prides itself on quality service. We are a one-stop shop for all your forklift needs.

About Us

The Forklift business was established in the small town of Hartbeesfontein, an outlying town outside Klerksdorp, but later we moved to Klerksdorp due to our large client base in the area..

Over the years we have built great relationships with clients and have built our client base considerably. In 2015 we got offered a dealership offer with Masslift South Africa, the sole distributor of Mitsubishi Forklift Trucks in Southern Africa.

The Forklift business is proud to be part of the Masslift South Africa Group and have the sole rights to service the entire North West Province.
